In the late 1700's and early 1800's, ice cream was advertised by confectioners and caterers who offered it when ice was available. They made it in small quantities and it was expensive. Accounting books of a New York caterer of the time show an entry of \$200 for ice cream sold to President George Washington.

Middlebury Center Plant Sale Finalized

SYRACUSE, N.Y. - United Dairy Cooperative Services, a division of Northeast Dairy Cooperative Federation, Inc., met with officials of Dietrich's Milk Products, Inc., Reading, Pa., on June 9 to close on the sale of its Middlebury Center Milk Manufacturing Plant. The meeting was held in Wellsboro, Pa.

United as agent of a full milk however, many more cooperativesupply the Middlebury plant.

Dietrich's, the new owners, arranged financing through the community.

bought the facility retaining Growth Resources of Wellsboro (GROW) and the Pennsylvania supply to the plant. According to Industrial Development Authority United's James Patsos, several to upgrade and enlarge the milk contracts have already been capacity of the whole milk powder signed with local dairymen, and butter plant. It is anticipated that the volume of the plant will be minded producers are needed to nearly doubled by April 1987, providing excellent opportunities Dietrich's Milk Products has for area dairymen and growth in

Here's the secret to unmatched blowing capacity

Its not a secret any longer Farmers have discovered the reason for the higher capacity of the Gehl 1540 and 1580 forage blowers the twin spinner delivery system and the twin sided fan

Two 24 inch feed spinners rifle the crop into the blower fan at nearly 35 mph. The twin sided fan with 8 paddles on each side blows it up the pipe with ease

Cost-effective design

It's also no secret that you can save time and money with our unique split rim sheet. Made of a higher carbon steel than ordinary rim sheet to longer lasting And when it finally does wear out you only replace the section in the extreme wear area right below the outlet – not the entire rim sheet

Extra convenience too

Set up at the silo is fast and easy with an adjustable left axle. It lets you line up the blower without loosening and adjusting the rim sheet. And the swing away outlet makes it easy to check fan paddle frim sheet. clearances and rim sheet liner condition See these blowers now at your Gehl dealers. You can work out a good deal. And that sino secret either Gehl Company West Bend. WI 53095
