QUALITY WORK AT OUR END MEANS QUALITY WORK AT YOURS.

The Melroe Company insists on maintaining the highest standards of quality in design and manufacturing in their versatile Bobcat loader line. Like farmers, we demand high quality materials and workmanship, and that goes into every machine we build. Even with those stringent requirements, we supply you with a top quality loader at a competitive price.

That quality is reflected in ever-increasing demands for Bobcat loaders and attachments by farmers in every segment of the farming industry. Bobcat durability, ease of operation and maintenance, comfort and safety, parts and service reliability, and a strong dealer support network, give you job performance that can't be equalled by any other loader.

The Melroe Company's dedication to building quality machines is your assurance of value and performance. Farmers have learned to rely on Bobcat quality to help build their own business on that same reputation.

Introduction of the cone for ice cream at the 1904 World's Fair in St. Louis touched off a dramatic increase in the popularity of ice cream.

The ice cream concessionaire, running out of dishes, served ice cream in cones rolled from dough intended for zelabia, a crisp wafer-like Persian pastry offered by a neighboring concessionaire. The idea was an immediate and spectacular success, and by 1924 some 245 million cones were sold.
