

# 7' - 9' OR 12' NEW HOLLAND GIVES YOU...

## No plugging!

The Sperry New Holland Model 472 Haybine<sup>®</sup> mower-conditioner gives you full-width conditioning in a seven-foot machine. The torsion bar system on the exclusive chevron rolls lessens pressure to let slugs through. No plugging, less down time.

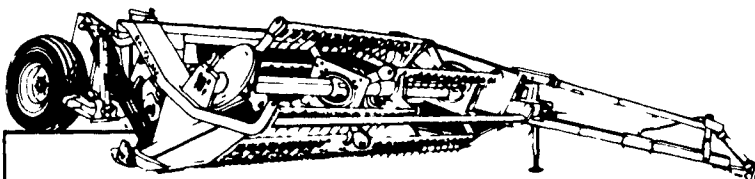

### 472 - 7'

## Cut fast, avoid damage

The Sperry New Holland Model 489 Haybine<sup>®</sup> mower-conditioner makes a nine-foot cut, fast. The rolls on the "489" are in the main frame, not in the header. So the header is light, to glide over rocks and obstructions with less chance of damage.

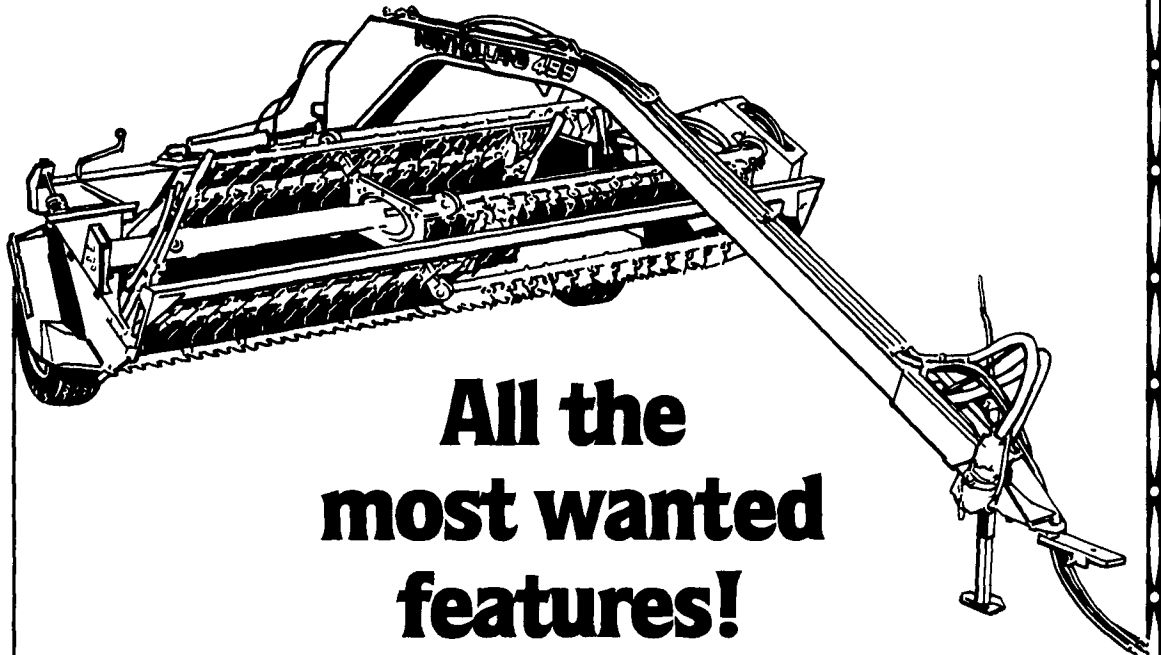

### 489 - 9'

## Widest rolls for the best conditioning

The Sperry New Holland 495 Haybine<sup>®</sup> mower-conditioner gives you a 12-foot cut and a unique sweeping Rolareel header. It feeds evenly and directly into giant nine-foot conditioning rolls so you get thoroughly conditioned hay in a nine-foot swath or a big, fluffy windrow. It's up to you!

### 495 - 12'

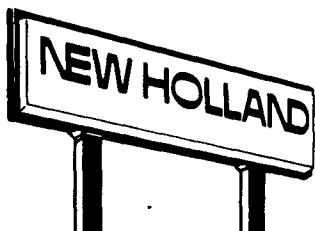

## All the most wanted features!

The Model 499 Haybine<sup>®</sup> mower-conditioner has them all!

- Pivot-tongue machine with a 12-foot cut.
- Swath or windrow, change in seconds.
- Patented Rolareel header—no auger needed
- Chevron-design conditioning rolls—incomparable conditioning
- Dual sickles—less vibration and wear

### 499 - 12'
