## You should spread manure as efficiently as you store it.

Modern manure storage systems may have rendered your conventional spreader obsolete

You know the problems. Slow, sloppy load-outs from storage. Uneven spreads that leave "hotspots" all over your fields. And design limitations that let your system's benefits run right out your spreader's leaky endgate.

Now you need equipment to handle your manure as efficiently as you store it. Equipment that gets you into the field faster. And lets you spread when it best suits you and your crops

Hedlund/Martin manufactures specialized equipment for today's

manure handling needs. Tough **Scavenger spreaders** with unique, patented, square-auger design to spread most kinds of manure—liquid, semi-solid, pen pack, even hog and poultry—all year 'round. The **Vanguard spreader** and **Equalizer loader**, specially designed to make fast work of loading and hauling semi-solid manure. Or the large-capacity **LT** to spread liquid manure quickly and evenly over all kinds of terrain.

And Hedlund/Martin offers

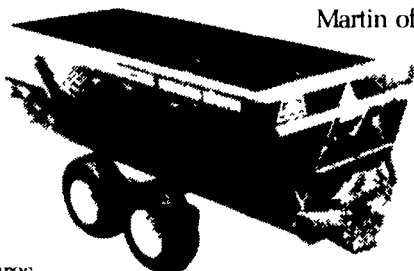

a full line of support equipment for your semi-solid and liquid manure handling needs Basin agitators

Revolutionary Equalizer is specially designed to efficiently and easily load semi-solid manure.

Basin pumps. Submersible pumps All designed for convenient operation and low maintenance Ruggedly built to stand up to hard use—year after year

Stop by your local Hedlund/Martin dealer for a demonstration or write Dept H-2, Hedlund/Martin, Inc., 841 Kutztown Road, Myerstown, PA 17067, for free information

Vanguard for quick, even spreading of semi-solid manure
