## ALUMINUM GOOSENECK TRAILERS

### ATTENTION FARMERS & LIVESTOCK HAULERS:

#### ALUMINUM EBY GOOSENECK TRAILERS, Standard Specifications:

LENGTHS AVAILABLE: 14' to 28' (longer lengths available as option)  
WIDTHS: 96" Standard - 102" Optional  
HEIGHT: 6'6" Standard - 7'6" Optional

A versatile, lightweight, Eby aluminum stock trailer is built to provide years of maintenance free service. An Eby trailer is custom built to fit your individual hauling needs - No mass production! We use only quality components and strong alloy aluminum to manufacture what may be the last trailer you'll ever buy.

#### CONSIDER THE FEATURES OF AN EBY ALL-ALUMINUM TRAILER

**LIGHTWEIGHT**  
Eby stock trailers are 25-35% lighter than comparable steel trailers. Less weight means better fuel mileage or increased payload.

**MAINTENANCE**  
Eby aluminum trailers won't rust. Welding and painting can cost you dollars in down time and repairs.

**DURABILITY**  
Eby trailers are built tough. Quality components of 6061 alloy aluminum provide the ruggedness required in a livestock trailer.

For more information on the economical choice in livestock trailers, contact:

## How Much Feed Do Your Hogs WASTE?

**FACT 1**—For each pen of 40 hogs you put about \$8 000 worth of feed through your hog feeder each year!

**FACT 2**—If you see any feed on the floor feed waste is a minimum of 10% (\$800.00 per year). Older feeders often waste 20 to 30%!

**FACT 3**—In all producer and university tests BIG WHEEL® feeders do not waste measurable amounts of feed (under 2%!).

**FACT 4**—BIG WHEEL® feeders have been tested since 1978 and on the market since 1981. Thousands have been sold!

**FACT 5**—You owe it to yourself to try a BIG WHEEL® —the feeder with proven performance!

U.S. Patent No. 4,353,329

#### Cash in on These Added Benefits

- Self Adjusting
- Never Plugs—Self Cleaning
- Tough Fiberglass and Heavy Duty Steel
- Even Feeds High Moisture Corn with Ease
