

INTRODUCING THE NEW 1600 CASE INTERNATIONAL AXIAL-FLOW COMBINES

Axial-Flow has always been a clean, simple, efficient system. Now, with the increased threshing and separating area, the 1600 Series does an even more complete job... to further outperform conventional cylinder-and-concave combines. New 1600s improve performance with advances in horsepower, crop handling speed, cooling capacities, controls, monitors, operating comfort, lighting and more. Even the new 1000 Series heads and headers feature a new twin U-joint telescoping drive shaft and ISO couplers that greatly simplify hookup. For the newest and most productive combines — priced right — see our Case International 1600 Axial-Flows. Ask about flexible financing plans, quality parts and service support.

**NOW, FOR THE PRICE
OF A NEW CONVENTIONAL COMBINE,
YOU CAN OWN A NEW AXIAL-FLOW,
THE MOST EFFICIENT
HARVESTING SYSTEM OF ALL.**
