Senior Showmanship and Fitting
1 Bridgette Boyer 2 CE Hubbard III 3 Downa Doll

Sue Eisenhart took the York 4-H Jersey championships, topping her list of winnings with 5-year-old Pine Mountain Fashionable Daisy.

Order Decision Released

WASHINGTON — The U.S. Department of Agriculture has issued an interim final decision amending the location adjustment provisions in the Southern Illinois Ohio Valley, Indiana, and Central Illinois milk marketing orders. The decision modifies the plant location adjustment provisions under the four orders to conform with increased Class I price differentials mandated by the Food Security Act of 1985.

The revised location adjustments reflect a north-to-south price surface that increases generally at a rate of two cents per hundredweight for each 10-mile

distance from a plant. Currently the orders provide for adjustments of 1.5 cents per 10 miles. The changes will provide additional price incentives to ship milk from production areas to city markets.

USDA will conduct a poll of the affected cooperative associations to determine their approval of the amendments. In order to become effective, at least two-thirds of the producers in each market must approve the proposed amendments.

The decision is based on the record of a public hearing held in Indianapolis, Indiana, March 12-14.
