## Weigh the benefits of knowing your yields!

Butler's 10' x 30' Custom Platform Scale System lets you accurately weigh trucks and wagons; check crop yields, vehicle weights; verify commodity purchases; and much more. System includes:

- Custom deck sizing with maximum dimensions of 10' x 30'.
- Four 2.50 DB differential weigh beams and universal mounts. Maximum capacity: 15,000 lbs. net per cell . . . total capacity: 60,000 lbs. net.
- Choice of OMP-5 or OMP-15 indicator. (OMP-15 can accumulate multiple weights; optional expansion board allows it to operate printer and remote display, hook up to computer.)
- Optional duplicating kit that allows expanding the weighing surface up to 10' x 60', and total net weight capacity up to 120,000 lbs.
- Detailed bill of recommended materials, drawings and installation instructions provided. (Steel or wood deck materials supplied locally.)

Ask us about all the details today! Precision weighing means better business decisions and higher profits.

**CUSTOM PLATFORM SCALE SYSTEM**

## Top capacity . . . built-in economy

The Butler Model 300 Chain Drive Cattle Feeder, with a flexible endless belt, is both an end charged conveyor and a single or divided lot cattle feeder. It lets you feed up to 300 feet, over twice the length of most cable drive feeders. You can get uninterrupted feed flow from feed room, mixer or silo.

You can't match it for low-cost operation. A 3 H.P. motor will drive a 14 in. belt in a 300 ft. bunk. And you only need a 5 H.P. motor to drive the 18 in. belt 300 ft.

**See us for the performance leaders . . .  
in systems  
and service**

### Feed Diverter

Concave belt flattens to deliver up feed in volume as feed diverter passes, guiding feed into bunk.
