Stake Bodies
by OMAHA STANDARD

Full time hauling demands equipment that withstands the punishment of rigorous work, day in and day out.

Omaha Standard Stake Bodies are engineered to meet tough hauling needs, regardless of cargo. Steel or wood racks, both feature heavy duty steel stakes.

Full width 96" platforms with swaged (indented) lights for better light protection and appearance. Spring-loaded rack connectors and automatic hold downs that keep racks in place and help reduce noise. Swing-out rack sections are optional. Stake racks fit both heavy duty standard and medium duty "Metro" platforms. Steel bulkheads with full width mesh windows are available.

There's no better stake body on the market. Ask someone who owns one, or better yet, compare us one-on-one with the others.
