**MORE THAN A MOWER**

Kubota has a whole new way to cut the grass. It's the first diesel lawn and garden tractor in the country. Kubota's G-Series lawn and garden tractors come with water-cooled 2- or 3-cylinder diesel engines. They're built to outlast ordinary gas mowers by several seasons. There are four G-Series models, from 10 to 14 horsepower. They all have live front PTO shaft drive to the mid-mount mower. You can choose a hydrostatic transmission. And you can choose a variety of implements including a snowblower, tiller or front blade. So don't let the grass grow under your feet. See the G-Series soon.

**KUBOTA**

Nothing like it on earth.™

Of course, a Kubota G-Series lawn and garden tractor is a great way to cut the grass. And with a liquid-cooled 2- or 3-cylinder engine, a Kubota is designed to outlast ordinary gas mowers by several seasons. But that's not all. A Kubota G has a live front PTO shaft drive and a variety of hard-working implements. For example, you can choose a snowblower, tiller or front blade. There are four Kubota G models, from 10 to 14 horsepower. Some come with hydrostatic transmission as standard equipment. A Kubota G-Series diesel lawn and garden tractor. There's more to it than you think.
