See Us At Ag Progress Days On Third Street

Bob Wiker of Ronks, PA says his AgTec "retired" his Brand X Sprayer

"The other sprayer would not penetrate sweet corn and I had to save the crop. I talked to a neighbor about my problem and he said the AgTec was the only sprayer to use in sweet corn. So I bought the AgTec and it gave me what I needed in the field — penetration. I got the coverage I needed and I had clean corn."

"Then I tried it on my other crops — tomatoes, cabbage, cauliflower, broccoli and brussel sprouts. Now I spray all 77 acres with Ag-Tec."

"I can't afford to use the other sprayer on my vegetables. The AgTec cuts the cost of chemical application and saves me time in the field which I can use elsewhere. That's a deal I'll take anytime."
