- A Better Way To Monitor Herd Health.
- Printed Reports Upon Command
- A Simplified Transponder

VACUUM SUPPLIERS

DE LAVAL

VACUUM PUMP

A Size To Fit Your Needs

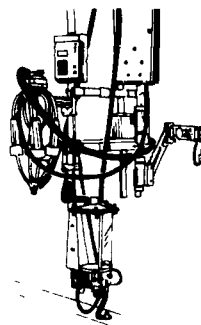

A Lubriclaim II unit lets you save and re-use vaporized oil that is ordinarily blown away in your vacuum supplier exhaust — to save oil, cut operating costs and boost pump efficiency

FLO-MASTER MILK METER

DE LAVAL

DHIA APPROVED

Tells You Every Cow's Production... Every Time... **ELECTRONICALLY**

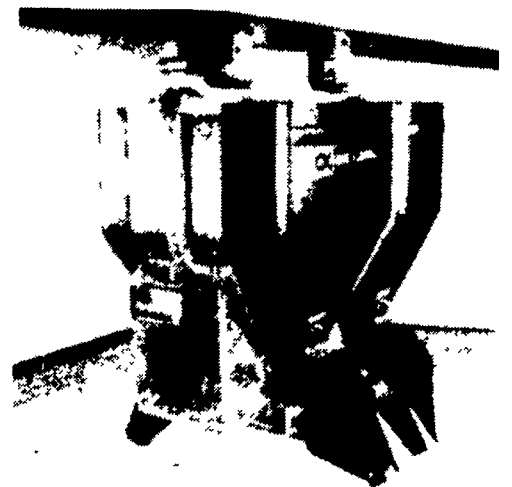

The Flo-Master Meter is far more than just a milk meter that reads out weights on an LED display. It's the first step toward total automation of milk yield recording, feeding and herd management. Now you can know how every cow is doing immediately and can grow by affordable stages toward a totally computerized system without expensive obsolescence.

Let us show you how the De Laval® Flo-Master Meter can help you cut feed costs and boost milk yields

Introducing...

The NEW DeLaval® FEED CAR™ Stanchion Feeder

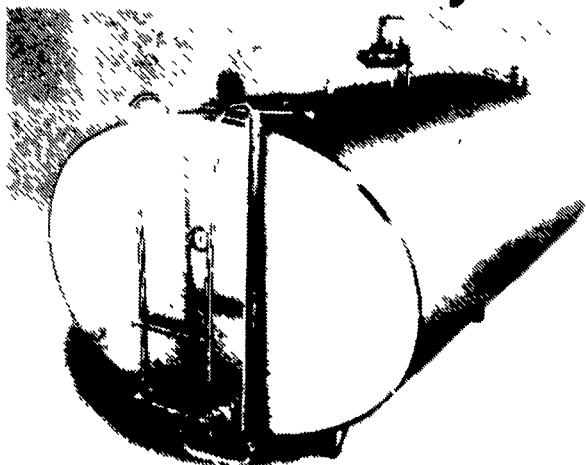

NOW... All the advantages of automatic individually controlled feeding is available for stanchion and tie-stall barns.

The principle of feeding little and often is now available and affordable. Now 30-40 cow operators can have the same benefits as large operators. You can give each cow an individually programmed ration based on milk production, stage of lactation and other factors you want to consider, feed small amounts up to 10 times every 24 hours. It's accurate and automatic, feeds 4-to-5 cows per minute with one or two types of feed; and has optional automatic refill. Travels around your barn on an overhead monorail. Owners report it can pay for itself in 18 months or less!

Ask Your Dealer for More Information.

COMPARE DeLAVAL® New Century™

Series of Bulk Coolers for Performance, Quality, Value 600 to 5,000 Gallon Capacity.
