* Availability of John Deere financing subject to approval of credit

See us right away-the sooner the better

How to rake it all in, without wearing yourself out.

Grass clippings are bad enough, but the leaves? It's just getting to be too much! And there's no need to rake and bag the stuff by hand.

Now John Deere makes lawn cleanup easy. With a full line of material collection systems matched to John Deere riding mowers and tractors

These systems come in a variety of combinations. Choose a twin-hammer 6½-bushel system for riding mowers, lawn tractors and 200 and 300 Series Lawn and Garden Tractors. Or the new 6½-bushel Power Flow unit for tractors with 46- or 50-inch mowers

Big cleanup jobs demand big artillery. And John Deere's got it in pairs for 300 and 400 Series Tractors. The Tilt Dump and the Hydraulic Dump Systems have a unique variable-speed PTO-driven fan. Speed it up for added efficiency when leaves or clippings are deep and soggy. Slow it down and save fuel when the stuff is dry and thinly layered.

When the 13-bushel hoppers are full, both models let you dispose of the material right from the driver's seat. No ropes to untie. No collection bags to unfasten or unzip.

Don't wear yourself out behind a rake. Get help from the number one name on lawns, John Deere. Come on in.
