AUTOMATIC BALERS

John Deere round balers
make baling almost automatic
for any operator

The John Deere 430 and 530 Round Balers' automatic design begins with the exclusive Bale-Trak® monitor. It's your electronic guide to making bales that are uniform in shape and size every time.

When the bale reaches the preset size, the twine arm is automatically activated. The end result is top-quality, uniform bales that are easy to handle. Stop by for a look at the automatic 430 and 530 Balers.

IN STOCK FOR IMMEDIATE DELIVERY
Models 530, 430 And The New 330

MORE THAN "THE BASICS"

- John Deere's forage equipment offers exclusive features that improve performance.
- John Deere forage boxes use wagon gear that exceeds ASEA standards for load ratings.
