Case Uni-Loader® skid steers not only out dig, out lift, out carry and out load most others... they also take a big load off your feet.

That's because speed, direction and all loader functions are controlled by two hand controls. With hydrostatic drive and 360° turning you can maneuver fast and easy to make short work of barn and feedlot chores

And, there are other advantages: self-leveling loaders help spot the load exactly where you want it. Simple external chain-tension adjustment saves time. Separate hydraulic and chain/sprocket oil systems keep fluid cleaner to reduce maintenance and downtime. Choose from a variety of attachments to extend your versatility.

Let your hands do the working. See us today and get some hands-on experience with our Uni-Loader skid-steer line. It's the easiest way there is to get a handle on tough chores all around the farm. We offer flexible financing programs that can put a Case Uni-Loader skid steer to work for you.
