

Feeder Calf Sales Scheduled In New York

The second annual Fall Yearling Sale, scheduled for 1 p.m., Oct. 4, will open the New York Beef Cattlemen's Association fall sale schedule.

The Yearling Sale which is open to beef cattle producers across the states is sponsored by the Southwestern Division-Angelica Feeder Sales Cooperative Inc. of the New York Beef Cattlemen's Association. Nomination forms and more detailed information about the sale may be obtained by contacting Jan Ford. (716-466-7872).

The Southwestern Division will also sponsor the first of three Fall Feeder Calf Sales sponsored by the Cattlemen at 1 p.m. Oct. 25 at the Angelica Feeder Cooperative Sales Barn. All calves at this sale, as at all New York Beef Cattlemen sponsored sales, will be graded according to Federal grading standards and penned by breed, sex, grade, and weight in order to offer buyers uniform selection. Nominations for both the Oct. 4 and Oct. 25 sales are requested at least 10 days in advance of each sale so that the sale committee can

contact potential buyers with information about numbers, weight and other considerations.

As part of the New York Beef Cattlemen's Association's emphasis on marketing services across the state there will be a Feeder Calf Sale at 1 p.m. Nov. 1, at the Chatham Area Auction, Chatham. This sale is sponsored by the Eastern Division of the Cattlemen's Association and information may be obtained from Claire Barra of Catskill. (518-678-9934).

The final Fall Feeder Calf Sale

will be at 1 p.m. Nov. 15, at the Empire Livestock Market at Caledonia. This sale is sponsored by the Western Division of the Cattlemen's Association and information may be obtained from William Frost of Holcomb. (716-657-6220).

Still another marketing alternative, that of retained ownership until the time of slaughter, is being provided by the Custom Feedlot Project which is sponsored by the Seneca Trails RC&D, Cooperative Extension, N.Y. Ag & Markets, and the New York Beef Cat-

tlemen's Association. Information may be obtained by calling the RC&D office at Franklinville (716-676-5111).

THE SPREADER THAT'S BUILT LIKE A...

Spreader should be built!

Constructed for longer spreader life and less spreader problems!

- One piece, seam free sides, flareboards and wear strips to reduce leakage.
- Clad-Tuff™ floor - durable, eases movement of material.
- Constant Velocity PTO for smoother operation.
- Single Gear Box enclosed for protection.
- Low Profile Hydraulic Endgate for height restricted areas.

Stop in and see the 360 Series Spreaders today.

They're built the way a spreader should be built!
