**OH! OH!**

The cows are falling. How do you know? Farmer Brown said so.

How do you know Farmer Brown? I saw it with my eyes. I heard it with my ears. And there is less milk in the pail.

Let's go ask the wise old owl. The owl thought for a moment. "Call the Scabbler Man", he said. "He can fix the barn for you, and You'll find more milk in the pail!"

**You need a truck body and hoist that work as hard as you.**

Your favorite truck dealer and the local Omaha Standard distributor can help with the work. Omaha Standard's name on a truck body plus hoist means good looking, rugged equipment that doesn't wear out. You'll need to replace the truck before you'll need to replace the Omaha Standard body or hoist. That's quality working for you, year after year. When it's time to purchase a combination grain and livestock body, a stakeless steel grain body, all aluminum grain body, a scissor or stabilized Olympic telescopic hoist, Omaha Standard has the right equipment for the job, the load and the road. It's a fact — your Omaha Standard distributor is the single source for truck bodies and hoists
