

ASK YOUR FARM CONSULTANT

PURINA® DAIRY CHOW CONCENTRATE 38

Consistent dependable nutrition at a very affordable price.

Why feed a Purina Concentrate when I can buy soybean meal at a lower cost per ton?

HERE ARE FIVE GOOD REASONS WHY:

- All Purina Feeds are backed by a quality guarantee. When you buy Purina you know every pound is nutritionally balanced and Quality Guaranteed.
- Purina Concentrates are often lower in price on a per unit of protein basis than most soybean meal and mineral programs. Until a dairyman adds minerals, vitamins and other ingredients to soybean meal - the cost is often quite high.
- Purina uses a blend of quality proteins to make their concentrates. This allows you to feed more sources of protein to your cow while avoiding being at the mercy of one ingredient when prices are high.
- All Purina products and programs are backed by Purina's Research Facility as well as a full staff of nutritionists, veterinarians and District Managers to assist you in all aspects of your operation.
- With Purina Dealers that are located in your area, you are provided with timely and accurate program service from their Purina Farm Consultants.
