

Reich, Honan Honored At PAFC Banquet

BY SALLY BAIR
Lancaster Co. Correspondent
HARRISBURG — October is Cooperative Enterprise Month, and the official start of the recognition of the importance of Pennsylvania's farmer cooperatives was Wednesday, with

Secretary of Agriculture Richard Grubb reading the proclamation. The occasion was the annual meeting of the Pennsylvania Association of Farmer Cooperatives and Grubb acknowledged the contributions cooperatives make to the state's

economy. Retiring PAFC president Bob Reich, president of the Northeastern Farm Credit Services in Lewisburg, was given the prestigious PAFC Distinguished Service Award and Dr. James E. Honan, former general manager of Inter-State Milk Producers' Cooperative, was given the annual Master Educators Award.

Reich has served on the PAFC Board of Directors for 12 years, and has been active in developing "The Plan for the 80s." In presenting the award, it was noted that Reich's "dedication to the cooperative movement and to the necessity for training and retaining capable staff and cooperative owners has permeated his tenure with the organization."

Reich joined Farm Credit as a loan officer in 1967, having begun his career in lending with the Lewisburg National Bank. He is a director of the Susquehanna Valley Chamber of Commerce and serves on its legislative committee. In his present capacity he is responsible for credit activities in 12 northeastern Pennsylvania counties.

Honan, who is presently agricultural economics assistant

professor at Cook College, Rutgers, was recognized for his career commitment to cooperative education. Although he retired from Inter-State in 1983, he remains a principle party in the faculty and planning for the

Pennsylvania Cooperative Director School, a joint venture between the Pennsylvania Department of Agriculture, Penn State University and PAFC.

In presenting the award, Reich

David Thomas, right, president of the American Institute of Cooperation, presents a "Cooperative Statesman Award" to George Steele for his work on the National Co-op Month Planning Committee. Steele is former president of Agway and now serves on the Farm Credit board of directors.

James E. Honan, retired general manager of the Inter-State Milk Producers is presented with a plaque recognizing him as a PAFC Master Educator. PAFC president Robert Reich presented the award.

"I Had An Embarrassing Problem"

"It was something I didn't even want to talk about. But now that the problem is solved, I'll tell you. It was a terrible case of raw, cracked teats and udder. You can imagine how that made me feel, especially since I had been number one in the herd. I was miserable!"

"Then the dairyman—bless his heart—treated me with Udder Butter." You know, the guy spreading long-lasting ointment from the tube in Corona. Soon my teats and udder were smooth, moist and comfortable again. That's because Udder Butter is the ointment that combines an effective antibiotic with lanolin and other fine lubricants.

growth of bacteria, too, and it's good for sore and windburned udders, cuts, wounds and abrasions for all animals. Now I present the testimonial with Udder Butter, so my teats and udder are smooth and healthy."

"I believe, I thought all about udder problems until I found Corona's Udder Butter. It was hard to wash it off at milking time. But the Udder Butter thanks to its self-cleansing formula, it washes right off with warm soapy water. And it has a refreshing vanilla aroma, so it's pleasant to use."

"Now I'm telling all my sisters to ask their dairyman to get Udder Butter. Whether it's the 7 ounce tube, the 28 ounce tub or the 7 pound pail as long as it's Udder Butter, it's a container of contentment!"

REPOWER WITH KAWASAKI

For years Kawasaki has been manufacturing Heavy-Duty engines featuring cast-iron cylinder liners, float carburetors, ball bearings and automatic compression release and electronic ignition for easy starting. Now, for the first time they also feature automatic compression release and electronic ignition on their lower priced diaphragm carburetor engines. It is now available on their model FA210D 5 hp engine which along with their special introductory price makes it the best value for your money of any 5 hp engine in its class.

- Hypercutectic aluminum die cast cylinder for long life and better coding
- Ball bearings PTO side replaceable bushing MAG side
- Pulse carburetor with large horizontal diaphragm for easy starting
- Automatic compression release
- Electronic Ignition
- Fits Briggs mounts exactly
