

## 10 Fall Garden Tips

Don't put off until spring what you can do in the fall. Jeff Jabco, from the Delaware County Cooperative Extension Service, advises that fall is an ideal time for most garden activities. Here is a list of 10 fall garden activities to complete.

- Plant trees, shrubs, lawns, bulbs and herbaceous perennials. Fall is the best time for them to develop what they need to survive — roots.

- If it has not been done recently, have the soil in your garden, lawn and landscape beds tested.

- Apply the amounts of lime and fertilizer recommended, based on test results.

- If needed, apply broadleaved weed killers to your lawn.

- Water shallow rooted plants, especially broadleaved evergreens, following dry spells of 10 days or more.

- Apply mulches where needed around roses, landscape beds, strawberries and other herbaceous perennials.

- Start a compost pile.

- Prepare the garden for spring — incorporate lime, phosphorus, and compost organic matter.

- If rabbits or rodents have damaged plants in the past, provide protection for susceptible varieties.

- Take advantage of the beautiful weather to build or renovate a fence, walk, or patio.
