

Pull through the tough spots with a White Farm 4WD.

When wet spots or other tough areas slow you down, a quick shift into four-wheel drive can make all the difference. And all it takes is a Power Front Axle option on your 2-135, 2-155 or 2-180 Field Boss® tractor

4WD is not created equal. If you think all Power Front Axles are the same, look again. Most tractors use the engine as part of the structural frame. Adding four wheel drive puts a lot of stress on the engine block. We think too much stress.

It's one reason why every Field Boss has a separate main frame casting. The engine is cradled inside it. Besides adding hundreds of pounds in working weight to the tractor, this separate main frame handles the extra stress of the four wheel drive

Experience for yourself the quality and value built into our Power Front Axle. Proven with 24 years of on-farm use.

A separate heavy cast main frame teamed with full mechanical drive makes our Power Front Axle one of the most dependable anywhere

Meet the most fuel-efficient tractor in its class!

The 110 5 hp.* 2-110 Field Boss® tractor teams power, convenience and comfort with the best fuel economy in its class. That's a tough combination to beat!

Record setting efficiency. High performance three-ring pistons, unique intake and exhaust porting and an aspirator-type precleaner improve engine burning and air flow. Part of the reason the 2-110 set new fuel economy records!

Convenience and comfort. Our standard 3x6 Over/Under powershift transmission lets you shift on-the-go through three ranges in each of six forward gears. All shift and hydraulic levers are conveniently located on the right hand console.

Come in today and experience for yourself the quality and value built into every 2-110 Field Boss. You'll like what you see.

The 2-110 Field Boss® tractor features our Over/Under powershift transmission with nine field speeds between 2 and 7 mph.

*Official PTO hp

Feel The Quality. Experience The Value.

A great job of plowing starts with a great plow

If you really take pride in plowing, stop into our dealership and see the full line of innovative plows from White Equipment Company.

Strength for better plowing. Every White Farm moldboard plow starts with an extra-big box-beam main frame for more working weight and toughness. In fact, every component is designed with an extra measure of toughness.

A tradition of quality. Every plow bottom we build is polished by hand to insure faster scouring in the field. Every style is designed to work well in a variety of soil conditions. Our 125 year history of building plows demands this kind of care.

Choose from 10 models. There's a White Farm moldboard plow for you, whether pull-type, mounted, semi-mounted or flex-back. Ten models in all. From one bottom to twelve. So come on in and see our full line. You'll be glad you did.

Every White Farm Equipment Company moldboard plow features our famous box-beam construction for strength and rigidity.
