Maryland Farmers Win National Conservation Award

ANNAPOL — Helen and Donald Mai. of Keedysville, Maryland have been selected as Maryland's winners in the state awards program sponsored by the National Endowment for Soil and Water Conservation.

Farmers and ranchers from 49 states were recently selected by the National Soil and Water Conservation awards program for their outstanding conservation achievements in the protection of America's agricultural resource base.

The awards program recognizes the exceptional contributions of those individuals who are implementing sound, cost-effective, and innovative soil and water resource management and pollution abatement techniques. State winners were chosen by a committee composed of public and private conservation, farm, business and other organizations in each state.

"Donald and Helen Main provide an excellent example of what a dedicated farmer can accomplish with the help of those agencies which make soil conservation districts such unique and effective implementors of conservation practices," said Anne C. Sieling, executive secretary of the State Soil Conservation Committee. "We are proud of the Mains, and are pleased that they have received such widespread recognition of their efforts," she commented. Ten national finalists will be selected from among the state winners.

Concerned with the increasing rate of soil erosion, water depletion, and contamination which threaten America's agricultural economy, a coalition of corporations, associations and individuals formed the National Endowment for Soil and Water Conservation in 1982. The Endowment is a non-profit, privately funded, non-political organization dedicated to conserving our nations agricultural base. In order to promote public awareness of protecting America's soil and water resources, the Endowment established the National Soil and Water Conservation Awards Program.

Deere Offers Finance Rate

MOLINE, Ill. — John Deere is offering zero-percent financing for up to two years on four-wheel-drive tractors. Buyers may choose a finance waiver or a discount instead of the waiver for all new four-wheel-drive tractors, regardless of when they were made. The offer is good until December 31.

The waiver and the retail price discount in lieu of the waiver are approximately equal in value, but both are offered to provide attractive alternatives for anyone in the market for a new four-wheel-drive tractor.

Deere is also offering finance waivers until October 1, 1987, on all eligible used four-wheel-drive tractors sold at retail.
