# Delmarva Poultry Thursday, Oct. 16, 1986

Market Comment: Demand for ready to cook whole birds remained sluggish overall. Offerings continued ample, and most movement was generated through price concessions. Demand for part items remained selective. Legs and leg quarters were clearing at lower trending prices. Other items were adequate to ample. Less then trucklot asking prices were generally two to four cents lower with some spot willingness to negotiate into the low to mid-50's to stimulate sales. Live supplies were at least moderate. Weights remained mixed in a full range. Slaughter schedules were heavy. The undertone was weak and unsettled. Estimated slaughter of broiler

fryers in Delmarva: Estimated 10/16 2,006,000; Ac-

tual 10/9 1,730,000.

Actual 10/14 1,945,000. Average Weights 10/14 4.55, 10/7 4.45.
