Perhaps you need to haul dairy cattle. Or calves Hogs Sheep Horses. Even a Brahman Bull.  
You decide what you want. Then practically design your own Eby trailer or livestock body before it's custom made. Choose

length, width and height Select from a variety of partitions and doors. Even decide whether or not to have a tool box. In short, our versatility lets you own just what you want  
**But you don't have to make all the choices**  
Every Eby livestock body and trailer is aluminum. No matter what options you

choose, your trailer or body will never rust or need paint It's as much as 35% lighter than steel and wood construction for increased load capacity and better fuel economy And heavy-duty standard components ensure safe, trouble-free hauling for years to come.  
Now all these choices can be yours for probably a lot less than you expect. In fact, when you figure in the durability and low

maintenance, an Eby all-aluminum livestock body or trailer is a fantastic value. So give us a call, or write, for more information and the name of the dealer nearest you.
