Rated First In Durability And Uniform Mixing

- MODEL 353
80 Bushel
- MODEL 355
100 Bushel
- MODEL 358
125 Bushel

In a recent survey, grinder-mixer owners were asked to list the important factors they looked for when buying a grinder-mixer. "Durability" was the most important feature with "uniform mixing" a very close second. These same owners then rated the various brands of grinder-mixers against these factors. Guess what?

First in both!
New Holland was rated first in both categories. That won't surprise you after a quick inspection. You'll see tough, rugged construction — the type of construction that leads to years of dependable service. Inside you'll find a rugged hammermill and mixing auger for the kind of uniform mixing you'd expect from the industry leader.

Thinking Square Baler?
Why Not Buy The Best?

NH 316 BALER

A Top Performer For Capacity & Bale Shape

Flow-Action[®] feeding systems provide high capacity and excellent bale shape. Feeder tines are mounted on a sturdy finger bar and engage the hay gently. These tines measure the right amount of hay and move it to the bale chamber. Reliable knotters go thousands of bales without a miss. They feature hard surfacing at important wear points and are easy to service and maintain.

WE ARE OFFERING OUR MOST POPULAR SIZE, THE 316, AT A REDUCED PRICE UP TO 25% OFF RETAIL PRICE

THE SIDE-DELIVERY MANURE SPREADER THAT DOES IT ALL

The new Model 304 side-delivery spreader from New Holland holds 1,225 gallons of slurry or 164 cu. ft. of pen manure with the optional "fishbowl" side extensions (shown). Or, if you want to back under low barn cleaners, you might like the optional low-side extensions. Either way, you get clean hauling and fast, efficient unloading. And the "304" is built for years of reliable service.
