DRAG IN THE PROFIT

Make your tractor a productive forest machine with a Farmi Logging Winch. Your tractor and the Farmi Winch is a low cost solution for winching in and skidding out your firewood, pulpwood and logs.

FARMI MODEL	LINE PULL	TRACTOR SIZE
JL300	6600 LBS	17-30 HP
JL400	8820 LBS	20-40 HP
JL500	11025 LBS.	40-60 HP
JL600	13230 LBS.	60-150 HP
JL60+	17640 LBS.	100-200 HP

The winches fit any 3 point hitch. Several logs can be winched in at one time. The cable is locked when the logs have been winched to the tractor. The 3 point hitch is raised to lift the logs off the ground when the logs are transported to the landing.

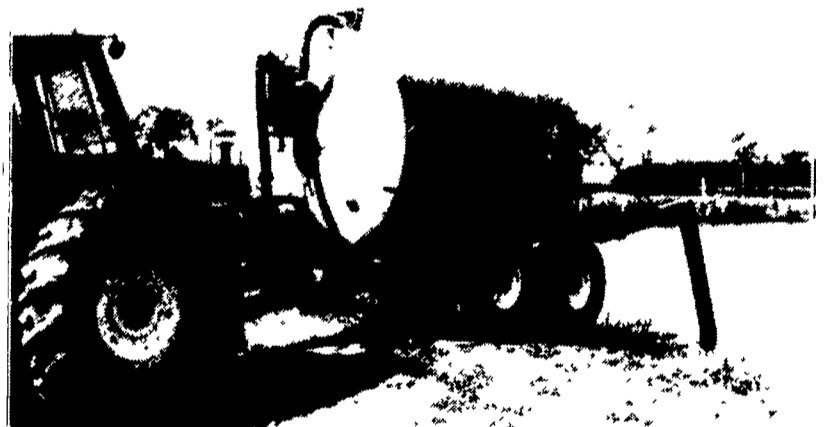

We also sell studded tire chains for farm tractors and log skidders like the ones pictured on the tractor above. They are made of Baron steel so they wear much longer than regular chains.

Free delivery on all winches. Farmi Winches and tire chains are sold and serviced by
