Lancaster Dairy Days Set For March 3 And 10

LANCASTER — The Lancaster County Dairy Days are scheduled for March 3 and 10 at the Farm and Home Center in Lancaster.

Speakers in the first week will focus on finances. During the second week, speakers will discuss reproduction, manure, fly control and housing options. Producers attending the second session in the morning will have the opportunity

to apply for pesticide applicator

The session on March 3 begins at 9 a.m. James Hostetter, a Certified Public Accountant and farmer from Holtwood, will discuss ways to manage income profitably.

Following Hostetter, H. Louis Moore, Penn State economist, will point out what key indicators can tell you about the future of the dairy business and what dairymen can expect in the future.

Lawrence Hutchinson, Penn State extension veterinarian, concludes the morning session with a presentation on new diseases, vaccines and drugs.

After lunch, Joseph Hlubik, Penn State dairy specialist, presents ideas for increasing profits on a

dairy farm. Hutchinson returns to the podium to discuss new develop-

ments in mastitis control. The program is expected to concluded by 2:45 p.m. on both

On March 10 the doors will open at 9 a.m. At 9:30 Mitchell Woodward, Penn State nutrient management specialist, will discuss safe and profitable application of manure and fertilizer.

The feature speaker for the day, is slated to follow Woodward. Dr. Austin Belschner, DVM, of the Cumberland Veterinary Clinic in Cumberland, Wis., will explain how a complete reproductive program helped Wisconsin dairymen reduce days open, improve first service conception rates, reduce culling rates, improve heat detection and dramatically reduce heat detection time.

Clarence Collison, Penn State entomologist, will talk about fly control.

Michael O'Connor, Penn State dairy specialist, is slated to discuss tools for improving reproductive efficiency.

The last speaker on the agenda is Robert Graves, of Penn State, will explain various heifer housing and

cow restraint options.

Producers attending Dairy Days will have the opportunity to visits exhibits by the following organizations:

Agmark Intermodal Systems Inc., Agri. Inc., American Breeders Service, American Cyanamide, American Diagnostic Sales Inc., Animal Medic Inc., Atlantic Breeders Cooperative, Atlantic Dairy Cooperative, Beacon Milling Company, Central Soya Company Inc., Charvin Farms, Coopers Animal Health Inc., Dauphin Deposit Bank, Elanco Products Company, Environmental Systems, F.M.
