### FARM DUTY MOTORS

### High-Torque Capacitor-Start Totally Enclosed Motors...

TYPICAL USES For operation under severe conditions. High torque models are used for powering such equipment as conveyors, feeders, hay hoists and compressors, extra high torque models are often found on silo unloaders, barn cleaners, manure pumps and other equipment where motor must start under fully loaded conditions and allow driven device to break loose frozen material.

For C.O.D. Delivery Add \$2.00 Each Motor

GENTLEMEN, START YOUR ENGINES,

Remember The Times You Wished You Had Some Self-Contained Tools That Did Not Need Generators, Extra Cords, Electric... But Were Powerful, Fast & Efficient?

#### GASOLINE POWERED PNEUMATIC ROTARY HAMMER (ER-168)

**We UPS!** The first 1/2" by gas powered, pneumatic rotary hammer in the market. Compact and lightweight. Easy to use. The ER 168 is driven by a powerful engine of nearly 10hp. Without cords or air hoses to bog you down, you can literally take this tool anywhere. Its style handle and careful weight distribution accelerate that on making the kinds of uses. For
