

## Klenzade, MMI Contribute To FFA, 4-H Funds

STRONGSVILLE, Ohio — The Future Farmers of America and the 4-H organizations in an eight-state area are nearly \$1,600 richer, thanks to the efforts of dairy producer members of Milk Marketing Inc. and Klenzade, Division of Ecolab Inc., St. Paul, Minn.

Klenzade, marketers of an entire line of dairy cow care and sanitation products, joined forces

with MMI, an 8,000-member cooperative based in Strongsville, Ohio, in a three-month campaign late in 1986 to raise money for the two farm youth organizations.

The campaign consisted of a dollar contribution by Klenzade for each purchase of four Klenzade products sold through MMI to its cooperative members. These products included MMI Teat Guard, MMI Low Foam Acid, MMI

Liquid Pipeline Cleaner and MMI Bac Drop.

A check for \$1,585 was recently presented by Klenzade Vice President and General Manager Richard Rintelmann to MMI General Manager Gordon Riehl. The money will be contributed to the state FFA and 4-H state federations within the MMI operating area.

"This contribution is just a step

in aiding the FFA and 4-H units, that do so much for young people interested in agriculture," says Rintelmann of Klenzade. "Keeping these two organizations financially healthy — and our young people involved in agriculture — helps all

of us in the long run."

Also on hand for the presentation were Scott Sooy, State FFA Vice President from Grafton, Ohio, and Robin Staron, member of the 4-H Club of Grafton.

J. Gordon Riehl, (right) MMI general manager, presents a check for \$1,600 to Robin Staron and Scott Soy, representing the 4-H and FFA organizations in an eight-state area. MMI joined with Klenzade, represented by Richard Rintelmann, in the fund-raising venture.

### Maryland Locals To Meet

SOUTHAMPTON — The Chestertown-Massey and Kennedyville Locals of Atlantic Dairy Cooperative District 10 will hold their annual dinner meeting March 24 at 7 p.m. at the Still Pond United Methodist Church, Still Pond, Md.

Laura E. England, Atlantic's public relations manager, will be the guest speaker. England will report on cooperative business and

legislative issues.

Walter T. Morris III, District 10 president, will conduct the meeting. Warren A. Knutsen, District 10 director, will present 25-year membership awards to H. Julian Hill and Family, Kennedyville, Md., and Mt. Pleasant Farm, owned by John K. Bergen Jr. and Lee and Alison B. Bergen, Worton, Md.

# 8344 JUST TOOK ITS PLACE.

Your old favorite used to be on top of the world. Now it's our turn.

8344 stands alone as the best all-round hybrid in its maturity.

For starters, 8344 has stalks and roots that are at least 30% better than the former leader in its maturity. And they're running neck-and-neck for top yield honors.

Compared to everything else, 8344 dominates the yield trials. It consistently tops the charts for agronomics and disease resistance, too.

And 8344 loves a challenge. It even outyields the best competitors under tough drought and stress conditions. That's why we call it "44 Magnum."

Give your Garst Seed salesman a call for all the details. Garst 8344 is coming on strong. And your old favorite just hit a dead end.
