LEADERSHIP YOU CAN COUNT ON

I WILL NOT PUT MY NAME  
ON A PRODUCT  
THAT DOESN'T HAVE IN IT  
THE BEST THAT IS IN ME

*John Deere*

150 years ago,  
John Deere was just  
a man's name.  
Today it stands for  
a way of doing business.

## Our new riders won't leave you lurching in the clutch

Nothing Runs  
Like a Deere®

Forget about rolling downhill while clutching to shift gears. In fact, you can pretty well forget about clutching at all, except when you want to go into reverse. The new John Deere RX and SX Riding Mowers feature our first true shift-on-the-go transmission. You can shift through any of seven forward speeds without using the clutch.

Often you don't even have to downshift. Just depressing a pedal will slow you down.

Other features: a tilting seat that also adjusts to your leg length. Controls that are within comfortable reach. Sector-and-pinion steering that takes just one spin lock to lock. One of the tightest (17-inch) turning radiuses in the business. More powerful, high torque engines, 9 and 12½ hp.

Choose from five models, 30- or 38-inch cut; recoil or electric start. Stop in and see all that's new about John Deere RX and SX Riding Mowers.
