## Northeast Chicken Parts Thursday, April 9, 1987

Comment: Trading was improved but the supplies of most items was still in excess of the demand. Cutlets were easily available at today's price levels, and the demand was only fair. Both line-run and rib breasts were ample, and clearances were difficult in many quarters. Legs and leg quarters were fully adequate for immediate needs, but clearances were better and traders have sensed a bottom on these items. Wings remained relatively tight and most sellers had no problem in getting prices up one cent. Livers were barely adequate and stronger, while gizzards were adequate.  
Breasts, skinned, boneless 1.80-1.85.  
Rib-on-breasts .90-.93.  
Line one breasts .80-.82.  
Legs .36-.37.  
Leg quarters .25-.26.  
Wings .43-.44.  
Backs and necks .11-.12.  
Livers .20.  
Gizzards (hearts) .25.  
Today's negotiated sales as of 11:30 a.m. prices paid per pound on ice packed part delivered in pool trucklot and trucklot quantities.
