Lease Or Buy An 8', 9', 10' or 12' Machine Bagger Special Price Call For Details

Find Out Why The Wrapper Is Better Than Hay Bags. SilaWrap System... New For 1987

- The lift-arm places the bale on the turn table.
- Silawrap film is then attached to one of the bale strings.
- As the turn table is rotating, the rollers will slowly turn the bale.
- The Silawrap film is stretched around the bale overlapping 2-3-4 or 5 times according to the setting of the gears.
- The film is cut, film end secured and bale tipped off
