

ROUND BALERS

Reduce your haymaking costs without cutting quality.

Two new models, the 3440 and the 3640, join the Case IH family of round balers. No matter what the size of your operation, there is one to help you make your haymaking more profitable. Each is designed to roll up weather resistant bales that preserve hay quality longer,

and permit one-man baling to save you time, labor and money. Bales are firm, well-shaped and securely wrapped for easy handling and convenient storage.

Rugged design provides long life, high performance, low maintenance and above all, dependability that

assures higher quality feed year after year.

If you consistently have to "wrestle" with time and labor shortage during the haying season, a Case IH round baler may be the solution to your problem.
