Solid Stake Sides

Omaha Standard's solid steel stake sides are designed for confined cargo or bulk hauling, and are ideal for landscapers, trash haulers and contractors. They fit both our Standard and Metro platforms and come in heights of 28", 40" and 52". These sides are available with the standard solid front or an optional steel bulkhead with full width mesh window.

The solid 2-section, Econo-door rear is "glove" fit to the platform and sides, and offers unobstructed access to the interior. The doors fold back flush with body sides for easy loading and unloading.
