**Simple Design.....Easy Operation**

If you're looking for extra easy operation, the Gehl Models 1310 and 1710 fixed chamber round balers can't be beat. No other balers are as easy to operate. The pickup feeds material directly into the baling chamber so these balers easily handle all crops and conditions. Incoming material gently tumbles inside the chamber, gradually forming the bale. The operator simply keeps an eye on the pressure gauge, when it reaches the factory recommended psi, the bale is complete. Stop by your Gehl dealer today for more information on these easy-to-operate balers from Gehl.
