Big Capacity International 881 Forage Harvester Is Top Of The Line

NEW CASE IH 881 CHOPPER 2 Row Corn Head

Tackles Big Acreage Forage Crops, Or Takes On Custom Work With Profit-Making Performance And Capacity.

If you want the most in crop chopping capacity, step up to the International 881 forage harvester. This heavy duty machine all but guarantees to keep extra men and wagons working with no time consuming waits. And with the increased capacity of the three-row crop unit, you'll finish your chopping jobs in record time. The smooth running, high capacity, 881 harvester is rugged, ideal for large-acre private operations or high capacity custom services. And it's designed for 140 to 190 hp tractors with 1000 RPM PTO. In addition to its sturdy construction and high capacity, the 881 is a versatile machine, able to handle all your forage crops with ease. You'll like the way it can be set up to bring in any type of forage crop with maximum efficiency.

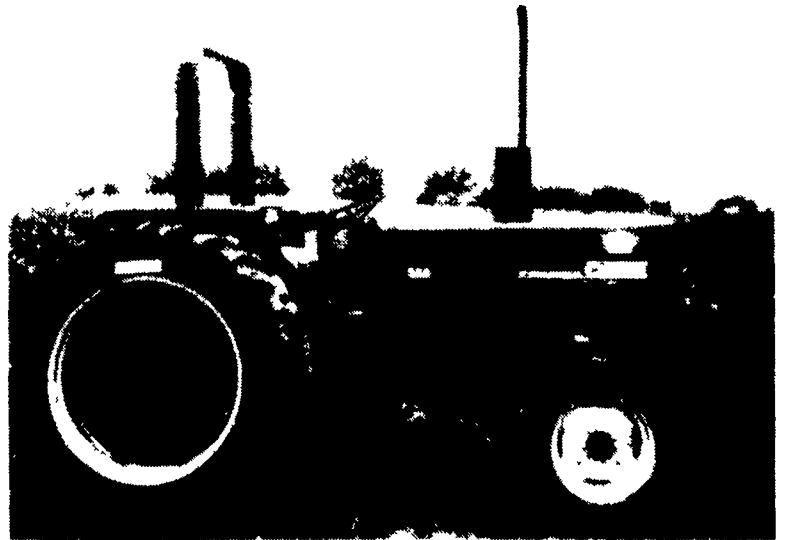

Besides the obvious advantages of multiple interchangeable crop units, the 881 basic machine has a whole host of convenient, time-saving features.

Remote electric controls give easy, fingertip control of major functions right from the tractor seat. Rotate spout, change deflection angle, start and stop feed rolls at the touch of a button. Ideal for cab equipped tractors.

Four big feed rolls feed material to the cutter-head in a positive manner. Spring-loaded upper rolls compress material and adjust automatically to varying amounts of incoming material.

High helix, 12-knife cutterhead had big tonnage capacity while allowing fast ground speeds. Produces fine chop in 3/16 or 5/16 inch lengths.
