

FORAGE HARVESTING EQUIPMENT

**Top Production and Quality Feed Start With
Case IH Forage Harvesters And Blowers.**

781 and 881 Forage Harvesters

High-capacity, dependability, and everything else you need to help you produce high quality feed easier and more efficiently — that's what you get with Case International 781 and 881 forage harvesters.

The 12-knife cutterhead assures uniform cutting and big capacity. Electric remote controls (standard equipment) permit fingertip command from the tractor — just touch a switch to change spout direction, control angle of discharge, or start, reverse or "inch" feed elements for non-plug handling of heavy crops. Aggressive feed rolls adjust automatically to crop volume. Hydra-Sharp™ hydraulic sharpening and rebeveling system provides uniform cutting with minimum horsepower. Equal-angle hitch assures long driveline knuckle life and smooth operation, even on sharp turns.

600 Forage Blower

Fills 100-plus feet (30.5 m) silos at capacities up to 180 tons of corn silage (162.9 mt) per hour with no crop drop-off. Combines a unique hopper design and a 12-inch (305 mm) auger with 30-degree entry to the 60-inch (1.5 m) rotor. Cupped paddles provide a center discharge for high-capacity blowing.
