

ROUND BALERS

NEW! 3440 Round Baler

Produces bales that are 4 feet (1.2 m) in diameter and 4 feet (1.2 m) wide, making them especially easy to handle and transport. The 3440 gives you smooth, easy operation, and fast, efficient production. No need to zig-zag the windrow to start the bale and there's no backing up to eject the finished bale. Wide, 59 1/4 - inch (1.5 m) pickup. Available with electric or hydraulic tie wrap with dual tying arms.

NEW! 3640 Round Baler

Produces bales that are 6 feet (1.8 m) in diameter and 4 feet (1.2 m) wide, a particularly good size for truck transport. Open end design 59 1/4 - inch (1.5 m) pickup. Available with either electric or hydraulic tie wrap, with dual tying arms.

New! Cyclo Air planters now offer you even greater accuracy and reliability.

Case IH introduces the third generation of Early Riser Cyclo Air planters — the 900 Series. The heart of these new planters is the Cyclo Air seed metering system which has proven itself in planting millions of acres of all kinds of crops from corn and soybeans to acid delinted cotton. Now, planter frames, carrying wheels, markers and row units offer even greater accuracy, efficiency and reliability to the entire line of Early Riser Cyclo air planters.

more power for you
