## Corn Winners Honored

MINNEAPOLIS — Lamar Miller of Manheim, was recently honored as one of the National Corn Growers Association's (NCGA) 1986 Corn Yield Contest Winners.

Along with 329 other contest winners, he was recognized at NCGA's 1987 Corn Classic Awards Banquet in Minneapolis, MN, July 19-21.

Miller placed third in the state Class A Non-Irrigated Division and used Cargill 271 to produce a yield of 190.33 bushels/acre. Average yield for the division was 152.00 bu./a.

"Both state and national winners should be commended and congratulated for their outstanding capability of producing corn," says NCGA President Harold Cutler. "The recognition these winners receive is only a small token for their contribution to the advancement of the corn industry and agriculture."

Nearly 2,600 corn growers from 45 states entered a 10 acre plot. A total of 1,724 growers complete the test by submitting accurate

crop procedure records and harvest reports as required by contest rules.

The NCGA Corn Yield Contest was organized to encourage the development of new and innovative management techniques and to show the importance of using solid cultural practices in U.S. corn production. The contest classes, include Class AA and Class A Non-Irrigated, Irrigated, No-Till Irrigated, No-Till Non-Irrigated and Ridge Till.

Anyone in the continental United States may enter the Irrigated, No-Till Irrigated, No-Till Non-Irrigated and Ridge Till Divisions. The Class AA Non-Irrigated Division is comprised of the following states: Illinois, Indiana, Iowa, Kentucky, Minnesota, Missouri, North Carolina, Ohio and Wisconsin. The Class A Non-Irrigated Division is comprised of the remaining 39 continental states.

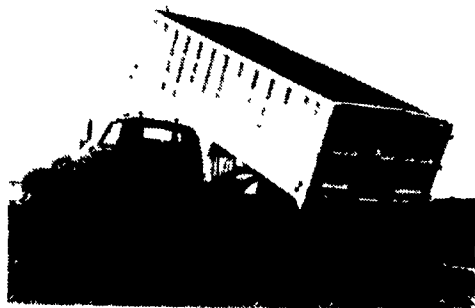

For more information about the Corn Yield Contest call NCGA at 314/275-9915.

**MILK AMERICA'S HEALTH KICK™**

**ALUMINUM GRAIN BODIES & ALUMINUM REPAIRS by**

*Rugged Strength*

*Dependable Performance*

These ultra-light bodies are designed for strength through engineering, not strength with bulk. For example a 16' grain body with tailgate and 48" sides weighs only 1490 lbs. complete. We'll build you any length or any side height up to 60".

**Also available**

- ★ Double swinging hay hauling tailgate
- ★ Barn door type tailgate
- ★ Slide out cattle chutes
- ★ Diamond Flooring
- ★ Pull out panel tailgates
- ★ Any size grain chute

**HEWEY WELDING**
