WESTFALIA HIGH TECH DAIRYING®

WESTFALIA MOVES AHEAD AGAIN WITH THE HIGHEST TECH DAIRY SYSTEM YOU CAN BUY!

**The Westfalia Dairy Plan.
 The road to better management starts here!**

**Whether You Milk 30
 5,000 Cows, Parlor Or Stanchion,
 There's A Westfalia System
 For You!**

It's not easy staying on the leading edge of technology, especially in dairying. But Westfalia has done it again with a complete high-tech system that can literally do it all - feed, breed and milk. It's all here with the management system you need to keep your business healthy.

And it all hinges around one of the most completely integrated computer systems you'll ever find. A Westfalia PC can control your entire dairy operation minute by minute, 24 hours a day, 365 days a year, with easy "backup" recovery to minimize down time.

Westfalia Has It All!

The Westfalia Dairy Plan. A totally integrated software package for feed, breed and milk management, with direct connections to feed stations and milk meters. After your initial setup, 10 to 20 minutes a day per 100 cows, is all the time you'll need to keep the system updated. Check it out - you'll see why Westfalia is the first name in high-tech dairying.

The Westfalia PC Control System is the ultimate in computerized dairy assistance. It's everything you'll need to start managing for greater profits right away. It includes:

- Westfalia Personal Computer with:**
- 10 or 20 megabyte hard disk
 - Floppy disk
 - Monochrome display (green) or color display
 - 640K RAM
 - battery operated clock
 - MS-DOS 3.1
 - Runs IBM PC-XT compatible software
 - One PC dual-port card allowing connection of 32 Feed Stations, OR 32 Metatrons, OR 16 Metatrons with Parlor ID, OR
 - 16 Feed Stalls With 15 Metatrons
 - 80 column printer with tractor drive, paper and cable
 - Dairy Plan Software
- Optional equipment available:**
- A total of four dual-port cards can be installed, allowing up to 128 devices in various combinations.
 - A remote terminal or second computer allows access to all data from several locations.
 - A Codatron interface can connect older systems.
 - Other management software is available for word processing and general record keeping.
 - Larger computers available.

**Westfalia Announces
 Another High Tech
 Pulsation System...
 THE VISOTRON**

With A Built In Stimulator
 40, 60 or 90 Sec. Massage Phase
