The time has never been better to go with the best barn cleaner chain available Jamesway chain We're passing along special factory discounts to our customers for Jamesway® Quality Hook-Link™ and flat-link chain Both links are total forged of rugged, high carbon steel to reduce wear and extend working life And, Jamesway chain is now backed by a 10-year warranty

NEED A NEW DRIVE UNIT?
Buy the best... a Jamesway. Choice of economical Super 300 or the Super 500 and Super 750 spur gear drive. All three drives combine the performance that fits your cleaning needs at a cost-effective price. Ask us about the one that is right for your operation

HOOK-LINK CHAIN
You get strength where it counts in the easy tightening Hook-Link Chain Each link is totally forged with extra steel at wear points and hardened for extra strength and dependable cleaning performance

FLAT LINK CHAIN
The rugged Jamesway forged link chain features 65,000-lb tensile strength, double swagged connector link pins and 5/16 in. thick flat bar connector links Links are reversible for long years of service.

NOTHING MOVES MANURE BETTER THAN NESSETH PUMPS

AVAILABLE EXCLUSIVELY FROM YOUR JAMESWAY® DEALER

For innovative, dependable manure handling, Nesseth® equipment from Jamesway can't be beat Whatever your manure handling needs, your Jamesway dealer can help plan a new system or replace equipment with a wide choice of rugged equipment for collecting, delivering, pumping, agitating, hauling, broadcasting and injecting manure

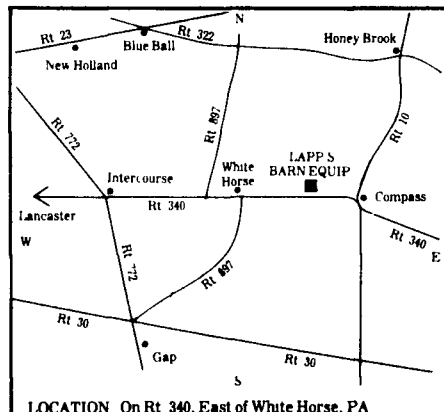

Nesseth open pit pumps feature dependable agitation and pumping Four-way spout gives complete agitation control, and the exclusive adjustable starburst shredder plate turns thick, fibrous material into pumpable slurry

Nesseth new generation Oxx™ piston pumps feature removable, formed steel piston chambers, cast-iron pistons and new higher performance transmission adding up to 15% more overall efficiency Whether your manure pumping needs call for a T1 Oxx, Blue Oxx or Super Oxx model, you can depend on the Nesseth simple, trouble-free design, rugged construction and unmatched total performance

Nesseth stationary or portable shredder pumps provide high volume agitation and pumping of manure for systems with collection pits The impeller literally shreds solids and bedding, blasting the resultant slurry through a PVC pipe into storage
