How to rake it all in, without wearing yourself out.

Grass clippings are bad enough, but the leaves? It's just getting to be too much? And there's no need to rake and bag the stuff by hand.

Now John Deere makes lawn cleanup easy. With a full line of material collection systems matched to John Deere riding mowers and tractors.

These systems come in a variety of combinations. Choose a twin-hammer 6½-bushel system for riding mowers, lawn tractors and 200 and 300 Series Lawn and Garden Tractors. Or the 6½-bushel Power Flow unit for tractors with 38-, 46- or 50- inch mowers. Or the new 3-bag Power Pak unit for 300 and 400 Series Tractors

with 46-, 50- or 60-inch mowers. Big cleanup jobs demand big artillery. And John Deere's got it in pairs for 300 and 400 Series Tractors. The Tilt Dump and the Hydraulic Dump Systems, which are now engine-powered rather than PTO-driven.

When the 13-bushel hoppers are full, both models let you dispose of the material right from the driver's seat. No ropes to untie...no collection bags to unfasten or unzip.

Don't wear yourself out behind a rake. Get help from the number one name on lawns, John Deere. Come on in.

After 150 years,
