The Secrets To Case International Axial-Flow Combine Success In The East...

FEWER MOVING PARTS...

HIGHER QUALITY GRAIN...

ALL CROP VERSATILITY...

Case

The one moving part in Axial-Flow's entire threshing/separating process is the single large-diameter rotor. Nothing more. No cylinder, beaters or straw walkers. There's far less that can break or need maintenance. That's Axial-Flow combine simplicity.

Axial-Flow helps bring top price at the elevator. It handles grain more gently. Less crackage and dockage. You'll combine higher moisture grain at faster ground speeds for a quicker harvest. That's Axial-Flow performance.

Axial-Flow Combines for every crop. Designed to harvest over 100 different crops including corn, soybeans, wheat, sorghum and others. All popular grain header sizes plus 4 to 8-row corn heads.

HOOBER COMBINE SERVICE...

HOOBER COMBINE SERVICE SPECIALISTS KNOW COMBINES.
