The One Spreader For A Two-Spreader Farm

Manure from confinement housing can be quickly and easily loaded and delivered to your spreader with a versatile Gehl skid loader. The heaviest loads are no problem with a 300 Series manure spreader. It's built with heavy duty chain drive and rugged construction throughout. Your first glance will tell you the 300 is unlike any spreader you've ever seen.

Handles All Kinds Of Manure-Liquid, Semi-Solid, Pen Packed, Even Frozen

CALL AND SAVE!

The big difference: a square auger
The heavy-duty square-tube auger simply works better than conventional round augers. That's because its patented configuration sets up a unique "pulse action" to thoroughly break up and blend manure and lessen the chance of wrapping. The auger's paddles - specially formed for added strength against tough, packed loads - are set at the precise pitch to maintain the proper flow of manure to the discharge expeller.
