1900 Forage Harvester

With 4-Row Head!

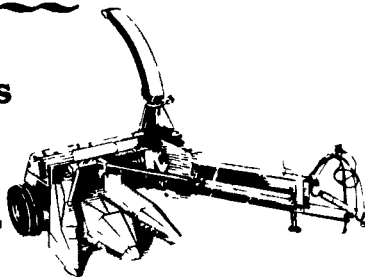

READY For THE FIELD

Just Arrived!

Durability and high capacity

The Model 1900 self propelled forage harvester is built for high capacity chopping. The hungry 181 square inch throat opening swallows a lot of material fast. And a 270 hp diesel engine powers the massive 24 inch diameter cutter head. That's chopping power. Besides being powerful the 1900 is rugged. Many of the parts used on the 1900 are the same as those used on our largest chopper—the Model 2100. So extra durability and longer life are built in. Stop in and let us show you the other features that make the Model 1900 a Whopper Chopper.

790 & 900 Forage Harvesters Also In Stock!
