

CASH IN ON FORD NEW HOLLAND'S SEPTEMBER HARVEST of VALUES

The Model 790 Built-in Efficiency

With the Model 790 forage harvester from New Holland, you get efficiency that's built in, not added on. Standard features include: Flip-up feedroll, easy-adjust shearbar, electric clutch, hydraulic lift cylinder and two-speed blower. You also get a massive 12-knife cutterhead with hardened alloy knives with tungsten surfaces. And the knives are set at a steeper angle for smoother feeding and efficient chopping. Choose a 540 rpm or 1,000 rpm driveline. Stop in soon and see how the "790" can make your harvest faster and more efficient.

Fills silos 80 feet and higher

The Model 40 forage blower, with 20% greater tip speed than previous models, center fills silos over 80 feet in height. The 1,000-rpm driveline and 48-inch diameter Whirl-A-Feed® hopper means the Model 40 works fast. The Whirl-A-Feed table spins the crop into the blower housing at high speed. Since the crop is already moving when it reaches the fan, you get more efficient use of your tractor's horsepower and greater capacity. See the Model 40 at your New Holland dealer soon.

Cut fast, avoid damage

The Model 489 Haybine® mower-conditioner makes a nine-foot cut, fast. The rolls on the '489 are in the main frame, not in the header. So the header is light, to glide over rocks and obstructions with less chance of damage. Stop in and see one today.
