"We're marking every hybrid down for fall sale"

No holding back at Doeblers. Everything's on sale now to Nov. 14. Doeblers 75X, Pennsylvania's all-time corn champ. The fabulous Extra Performance hybrids. All three ways. Every single cross.

And write your own ticket. Save \$4 to \$8 a bushel by merely placing the order. Buy 10 or more bushels and earn a volume discount. Pay cash this fall and cut your price another 10%.

Single crosses as low as \$49.77, in fact. Ask your local dealer about these hybrids. He has the fastest calculator in town.

There's no holding back on quality, either. Stuff like grading, purity and germination. And every hybrid sells in Doeblers' bonus bag. The old fashioned, 56-pound bushel bag. But hurry. Sale ends November 14.

DOEBLER 89X-C, 120 days. A big sheller everywhere — 165.4 bu. average in 1986 farm tests, 152.5 in '85. Shakes off drought and leaf diseases. Good standup. Deep kernels. Hard cob.

DOEBLER 755-3, 115 days. A modified single cross that looks like 75X, stands like 75X and close on yields. But \$9 cheaper as a three-way. Drought tolerant. Great silage. Almost sold out.

DOEBLER 67X, 108 days. Sister pedigree to 65X with same strong stalks, disease tolerance and big bushels. But bigger seed production means lower price. Averaged 160.7 bu. in 1986 tests.

DOEBLER 66XP, 103 days. XP means Extra Performance. And this XP puts 60X-A on notice with 15.2 more bushels and half the down corn. Medium height. Great standup. Sorry. Supply limited.
