TOBACCO FARMERS

SUPPORT THE AUCTION

Auction Is A Proven Marketing Method

We would like FULL skids (10 bales) of your BEST tobacco for our FIRST sale: WEDNESDAY, DECEMBER 9, 9:30 A.M.

Color grading is still priority when grading your tobacco; however, a good rule of thumb if you have hired or other help striping tobacco is:

- (1) Take 3 or 4 leaves for bottoms after making your outgrade.
- (2) Leave 3 or 4 leaves for tips.
- (3) The rest will go to your middle grade.

Would You Do Business With Anyone If They Offered You A Contract That Could Change?

- Just Remember -

You Don't Have Too Far To Paradise.

We are in the tobacco auction for the LONG term. We BELIEVE you will eventually find it the best way to market tobacco just as it is the best way to market many of your other agricultural products.

Receiving Tobacco from 7:30 a.m. to 4:00 p.m. Monday thru Friday beginning December 4.

Open House All Day Friday, December 4. Come For Free Lunch & Bring A Load Of Tobacco Along!

FALL SPECIAL

**THE ANSWER TO LOW-LABOR
MULTIPLE FEEDING WAS RIGHT
UNDER OUR NOSES ALL THE TIME...
AND IT ISN'T COMPUTERIZED!**

It took a dairyman to invent such a perfect feeder.

We call this exciting new Starline® feeder, "Grain Brain"™ because it 'thinks for itself' Here's how it works. When you do your regular feeding, you also fill your Grain Brain™ multifeeders. Grain Brain™ does the rest. At the time you have preset into Grain Brain™ the multifeeders drop feed for each cow's next feeding. That means you go from two or three times to four or six times per day feeding with no extra labor!

A Grain Brain™ that will handle a 50-cow herd will cost you approximately \$3,000, complete. Grain Brain™ is simple, easy to operate, reliable and capable of paying for itself in less than a year. We're anxious to tell you the whole story, so see your Starline dealer soon. By the way Grain Brain™ was invented by a Minnesota dairyman for his own barn. Now a lot of his neighbors have one too. Patent Pending
