**PRO-4 SANITIZING TEAT DIP**

**Don't kid yourself . . . killing GERMS is only part of the mastitis prevention program! The answer is PRO-4 Teat Dip.**

Pro-4 formulation recognizes that killing germs is only half the battle in mastitis control. Maintaining good healthy teat tissue is the other half of the battle that must be won to reduce mastitis. The multiple conditioning action on the teat skin of Pro-4 is superior to any teat dip on the market today. Pro-4 Teat Dip has a record of 14 years of safe and effective use.

**FALL SPECIAL**

**THE ANSWER TO LOW-LABOR MULTIPLE FEEDING WAS RIGHT UNDER OUR NOSES ALL THE TIME... AND IT ISN'T COMPUTERIZED!**

It took a dairyman to invent such a perfect feeder.

**GRAIN BRAIN**

We call this exciting new Starline feeder Grain Brain™ because it thinks for itself. Here's how it works. When you do your regular feeding you also fill your Grain Brain™ multifeeder. Grain Brain™ does the rest. At the time you have preset into Grain Brain™ the multifeeder drops feed for each cow's next feeding. That means you go from two or three times to four or six times per day feeding with no extra labor!

A Grain Brain™ that will handle a 50-cow herd will cost you approximately \$3,000, complete. Grain Brain™ is simple, easy to operate, reliable and capable of paying for itself in less than a year. We're anxious to tell you the whole story so see your Starline dealer soon. By the way Grain Brain™ was invented by a Minnesota dairyman for his own barn. Now a lot of his neighbors have one too.
