## TOBACCO FARMERS

**Auction Is  
A Proven  
Marketing Method**

### WE WISH YOU A HAPPY NEW YEAR & A MERRY TOBACCO CHECK

Keep on doing a good job grading and making 3 grades plus an outgrade. First priority is to grade your tobacco according to color. However, a rule of thumb is: to take 3 or 4 leaves for bottoms; leave 4 or 5 leaves for tips; rest goes to your middle grade. Keep your bottom grade FREE OF OUTGRADE and then it will bring top market price.

If you think all other farmers are the ones that are going to support the auction and it's OK for you to sell private, IS THIS FAIR? Remember, auction is the one that has already moved market price up! We are still optimistic from what we hear. DON'T SELL TOO QUICKLY! REMEMBER, IF EVERYONE WOULD SIGN A CONTRACT WE CAN DO NOTHING FOR YOU TO RAISE MARKET PRICE!

#### NEXT SALES

## Alfalfa's Triple Crown.

Emerald, Maxim, Funk's G-2852. These hardy alfalfas from Hoffman will place you in the winner's circle with improved yields, exceptional stand longevity, and broad-based disease protection.

Emerald's the yield leader from start-to-finish. It has consistently bested Hoffman trials, while producing 5 1/2 percent better than average yields in New York and Pennsylvania state trials.

Maxim's a sure bet for exceptional stand longevity. And its two-year production

average of 9.6 tons/acre will give you front-running yields.

Funk's G-2852 tops the field with some of the best disease resistance available. Backed by years of research, this newcomer has shown annual yield advantages of 1/2 ton/acre.

When you're looking for a winning alfalfa yield, call your local Hoffman seed representative. Or call Hoffman Seeds direct for more information about Alfalfa Triple Crown.
